## PREFACE

**Drs. Sardiyo, M.Pd**

Headmaster SMA N 1 Karanganyar

**W**e would like to express our gratitude to Allah SWT for all His mercy and blessings so that the poetry anthology book entitled **“My Poetry, Your Poetry, and Our Poetry Volume II”** was completed well. A book containing a collection of poetry from students majoring class XI F 1-4 and X E 9-12.

The publication of this poetry anthology is one of the Adhipangastuti School programs as an effort to internalize the values of *Hashtalaku* in Senior High School 1 Karanganyar. The Adhipangastuti School Model is a model for intervening in the implementation of eight selected Javanese cultural values (*Hashtalaku*), namely *Gotong Royong* (Helpfulness), *Guyub Rukun* (Harmony), *Grapyak Semanak* (Friendly), *Lembah Manah* (Humble), *Ewuh Pekewuh* ( Mutual Respect), *Pangerten* (Compassionate), *Andhap Ashor* ( Virtuous) and *Tepo Seliro* (Solidarity). *Hashtalaku* is the idea Solo Bersimfoni to make those noble Javanese values that have actually existed for a long time into the main instrument and a model to change intolerant behavior and peace-loving behavior.

The poetry anthology was made possible thanks to the cooperation of all the school society of Senior High School 1 Karanganyar and Solo Bersimfoni. Hence, in this opportunity I would like to thank and give highest appreciation. Hopefully, the publication of the anthology poetry can trigger and spur character development through the application of Hasthalaku values in accordance with Project for Strengthening Pancasila Student Profiles (P5), foster a literacy cultures and increase imagination and creativity.

# United In Diversity

By Syahrul Syaban S

My homeland, Indonesia  
It's uniquely remarkable  
From Aceh to Papua  
From the cities to the jungle

Different cultures  
Different conditions  
Different races  
Different traditions

Though we have our differences  
Together, we shall stand  
By uniting, we have greatness  
For the future at hand

That is the slogan of my country  
Unity in diversity  
Tolerance, harmony, and equality  
Are values we follow dearly

As we move forward  
Let us continue together

For it is through unity  
We can all be greater

For together  
We shall prosper  
For together  
We can last forever

# Politeness, the Language of the Heart

*By : Nathaniela Berliana Artanti*

Under the glorious moonlight,  
We walk in the quiet night.  
Politeness pervades every step,  
Cool as dew on a bright morning.

We speak with soft and gentle words,  
As if painting a picture on a blue cloud.  
Wise words, never stop drumming,  
Like an eternal and long love song.

Graceful words, like ornate flowers,  
Unforgettable, like a smile on a sunny morning.  
Embrace a sense of sincere courtesy,  
Flowing in the heart, flowing so deep.

Politeness, the rope that binds the heart,  
Uniting the soul, never to fade away.  
Under the bright shining stars,  
We weave a story so perfectly beautiful.

Politeness, like a rose,  
A fragrant fragrance that makes happiness flows.  
Politeness, a pearl that sparkles in the sea of the soul,  
Illuminating the dark and the gloomy that makes the heart  
comfortable

# Unity's Melody

By : Deron Onesiforus Junior Setiawan

In unity, we extend a helping hand,  
"Bhinneka Tunggal Ika," our guiding strand.  
Through trials and triumphs, side by side we stand,  
Humble in our service, walking hand in hand.

Politeness, our armor, respect for our cherished land,  
In solidarity's warm embrace, united we expand.  
With humility's grace, we shall understand,  
A brighter future we sow, like grains of sand.

All living souls, let's deeply believe,  
Unity's the bond we must carefully weave.  
Embracing the truth, we'll never deceive,  
For without it, our legacy can't truly thrive.

Diverse like nature, a tapestry we conceive,  
Beautiful as the stars in the celestial sieve.  
Diverse like people, together we'll perceive,  
A treasure united, in our hearts, we'll believe.

For within this diverse, precious measure,  
We find our truest human treasure.

## **FRIENDLY**

By Jonathan Oktavius Sagala,

Friendly...

A noble gesture that is worthy of doing

Respect others sincerely

Establish relationships with warmth

Friendly...

Kindness that cannot be replaced

Open a tightly closed heart

Provide assistance with sincerity and compassion

Friendly...

The key to lasting harmony

Building eternal brotherhood

Forgive mistakes and don't be prejudiced

Friendly...

The path that leads to true peace

Every step we take spreads goodness

Help without asking for anything in return and without  
any strings attached

# Humbleness

By : Laila Inayah Rahmawati

Humble souls, a gentle light  
Shining through the darkest night  
In their humility, they find strength  
A gift that grows with each passing hour

Don't seek praise or the grand display  
But quietly respond in own way  
In kindness and selflessness  
Touching the world and every heart

## Like Different Colors

By : Nayla Nur Faiza

In the middle of the painting  
Colors play their part  
Everyone's coloring  
Use feeling from the heart

In differences  
We find a reason  
Like various colors  
Which has it's meaning own

Diverse stories  
Can be delivered in unity  
With all the differences  
Can develop solidarity

# Javanese Noble Values

By : Deffina Alamsyah

In Javanese culture's realm they reside  
"Hastha," eight virtues, a timeless guide  
"Laku," behavior, a compass to steer  
Values of wisdom, so noble and clear

Hasthalaku

To nurture a heart that's tolerant, kind  
Eight sacred virtues we all should bind  
TIGA G LEPAT, their names we hold dear  
Together, teach us how to revere

Gotong Royong, in helping we thrive  
Grapyak Semanak, warmth to derive  
Guyub Rukun, fostering harmony's song  
Lembah Manah, humility strong  
Ewuh Pekewuh, mutual respect  
Pangerten's value, we must protect  
Andhap Asor, with noble intent  
Tepa Selira, together we're meant

These eight virtues, they must be our goal  
Character's essence, they shape our soul  
Guiding our actions, society's role  
In Javanese culture, they make us whole

# **The beauty of Mutual Respect**

By : Lathifah Galuh Tifany

In a world diverse, we connect, intersect,  
Through the core of our being, mutual respect  
Differences abound, in culture and creed,  
But we find common ground, in the values we need.

Respect is the bridge, that binds us so tight,  
It's the key to unite, in the day and the night.  
To listen and to learn, with an open heart,  
Where understanding and empathy start.

No matter what the colors, the religions, or the races are  
Respect paves the path, towards a peaceful place.  
For in mutual respect, we all have a role,  
To create a world that's kind and whole.

So let us embrace this timeless art,  
In every corner of the world, let it start.  
For in mutual respect, we'll find the key,  
To a brighter future for you and me.

# HUMBLE

By : Aline Valentina Kristi

In the realm of greatness, humble stands tall,  
A virtue so rare, admired by all.  
Not seeking glory, nor craving for fame,  
Humble souls shine, their light forever aflame.

With grace and kindness, they quietly serve,  
Their actions speak volumes, their hearts preserve.  
They lift others up, never seeking praise,  
In their selflessness, humility displays.

In a world of noise, they choose to be still,  
Their gentle presence brings a tranquil thrill.  
They listen with empathy, understanding deep,  
Humble souls sow seeds of love they forever reap.

So let us embrace humility's might,  
A beacon of goodness, a guiding light.  
For in humbleness, we find true grace,  
And touch the hearts of others with our embrace.

# Kindness

By : Adrian Bagas Pratama Putra

Kindness is a gift to share  
With those who need some extra care  
It can brighten up a day  
With a smile or a word to say

Kindness is a way to show  
That you respect and value so  
The feelings of another soul  
And help them reach their highest goal

Kindness is a seed to sow  
That will grow and grow and grow  
It can spread from one to all  
And make the better world to all

Kindness is a choice to make  
That can heal a heart that's ache  
It can mend a broken bond  
And create a lasting fond

Kindness is a light to shine  
That can make the world divine  
It can inspire hope and peace  
And make the joy of life increase

## Long Journey

By : Muhammad Faizal Amri

In this life's long journey  
Trying to be a human with humility  
In every step that I take  
So that light in my heart does wake

In each person I met, a lesson resides  
Living life with humility, in life's tides  
In humility, I found my strength  
A kindness with limitless length

Learn from every mistake and fall  
Fill the heart with humility's call  
In the world of noise, in this endless sea  
Find the peach with humbly, just be

# The Rope of Unity

By : Hanifah Nur Ramadhani

Take a closer look  
A beautifully etched smile  
Eyes looking at each other  
Join hands towards unity

Beautiful of bagaskara  
Shows the power of the creator  
On my beloved mother earth  
Differences become our wealth

Pancasila was created  
The existence of Bhinneka Tunggal Ika  
Practice living in harmony and prosperity  
Together we strengthen the ties of brotherhood

t".

# Embrace of Unity

By : Aqila Nandya Rohima

In a world where colors dance so free,  
Let's be a canvas of harmony, let it be.  
Each shade, a tale of diversity's delight,  
Unite in hues, casting prejudice from sight.

Hand in hand, let us gracefully sway,  
Through the storms, let tolerance guide our way.  
In hearts ablaze, let compassion ignite,  
Fanning flames of kindness, burning bright.

Listen to the whispers of winds so diverse,  
Embrace the melodies of cultures immersed.  
In every note, let acceptance resound,  
Creating symphonies of unity, love unbound.

For in the garden of life, we stand as one,  
Flourishing together beneath the same sun.  
With respect as our petals, understanding as our root,  
Let tolerance blossom, a beautiful tribute.

May differences be the threads we weave,  
A tapestry of love, let's all believe.  
In the mosaic of existence, let us find glee,  
For in tolerance, we're boundless and truly free.

# Humble

By : Nadya Julia Monika

Amidst the noise and towering schemes,  
A humble heart, in quiet dreams,  
Finds strength in grace, and not extremes,  
In simple joys, it often gleams.

It doesn't seek the world's acclaim,  
Nor plays the loud and boastful game,  
But in its kindness, finds its aim,  
In gentle ways, it wins its fame.

A humble spirit, meek and mild,  
In service to others, reconciled,  
In its humility, it's compiled,  
A life well-lived, forever styled.

## Are you still like that?

By : Nadilla Rizkyta Oktaviana

The wind blows dry  
The water recedes slowly  
Steadfast in a moment's journey  
Blow away the feelings into the wilderness of the soul

What a pity you are  
You want to be heard, but you didn't want to hear  
You want to be understood, but you didn't want to understand  
But you are never aware of that

A satirical smile appeared  
There is a mounting sense of disappointment  
Because of tolerance has slowly gone  
Don't care about the cheers

If only you know  
Being selfish will not elevate you  
Because being selfish will not make you reluctant  
Will you still do that?  
Maintain your stupid attitude.

## About Differences

By : Shelse Asahra Devina

We are different  
Created are never the same  
We are different  
But, still one soul

We are different  
In one "Pancasila"  
We are different  
This is, Indonesia

Consists of various islands  
Consists of various differences  
Strengthened by one guideline,  
"Bhinneka Tunggal Ika"

# Build Tolerance

By Putri Nur Anggaraini

The difference in destiny that exists  
Brings burning pain  
However, the fire can be extinguished  
By the water from the ocean  
Water is what God created

Many people ask  
Why are there so many differences?  
It's not like we're all from the land  
Standing on the same ground  
But our souls and destinies are different

Physical differences are not a barrier  
Tolerance must be upheld  
Mutual cooperation must be at the forefront  
Friendliness must be an identity  
Harmony must be fostered

Remember, differences are not barriers  
Be an understanding person  
Be a humble person  
Be a virtuous person  
Be a care person

# Mutual Aid

By Alfredo Rafiyan Putra

Mutual aid is not a charity  
But united  
A way to share what we have  
With those in need

Mutual aid is not favor  
But obligation  
Awareness of our common destiny  
and our interdependence

Mutual aid is not a burden  
But it is a joy  
A change to connect with others  
and practice empathy

Mutual aid is not a slogan  
But a practice  
Vision for a better world  
and a step towards its reality

# Mutual Cooperation

By : Yosi Alfi Zain

Carrying the same weight is as light as carrying it  
That's what the motto says  
Without mutual cooperation  
Maybe Indonesia is already divided

The beauty of living together  
Respect each other  
Work together  
For a common goal together

In the modern era  
Mutual cooperation is just a name  
It's not a problem for residents  
Only ego is the main thing

Mutual cooperation is almost dead  
Tolerance is just a dream  
Individualization is increasing  
The destruction of the nation is just waiting

## **Seduce pity**

By : Syifa Nur Putri Ashari

Every time the sun appears  
I run quickly  
Seeing the heat of the day  
Seeing road users hiding

Walking without knowing the direction  
Where people stop  
There I come  
There I woo

Look pity  
Come while blocking  
Compassion needed  
There must be a struggle

Hey philanthropists  
Look behind you  
Give me a little hope  
Even if it's just a piece of paper

Newspaper sellers  
I call you a hero  
Who has spread the news everywhere  
Heyyy everybody!!!

# A Golden Chain

By: Thomas Giri Saputra

Friendship is a Golden Chain,  
The links are friends so dear,  
And like a rare and precious jewel  
It's treasured more each year...

It's clasped together firmly  
With a love that's deep and true,  
And it's rich with happy memories  
and fond recollections, too...

Time can't destroy its beauty  
For, as long as memory lives,  
Years can't erase the pleasure  
That the joy of friendship gives...

For friendship is a priceless gift  
That can't be bought or sold,  
But to have an understanding friend  
Is worth far more than gold...

And the Golden Chain of Friendship  
Is a strong and blessed tie  
Binding kindred hearts together  
As the years go passing by

# Unity in Diversity

By Enno Aulia Rahma

We stand in the center of an archipelago,  
Surrounded by magnificent scenery, cultures, and languages.  
Our motto, Bhinneka Tunggal Ika,  
Truly embodies unity in difference

## Harmony and Beautiful Diversity

In a world where differences abound,  
Unity and harmony, our hearts have found.  
Together we stand, hand in hand,  
In a tapestry of colors, across the land.

In diversity, our strength does lie,  
A rainbow of cultures under the same sky.  
Each voice is a note in a beautiful song,  
In this symphony of life, we all belong.

Let's embrace the beauty of our diversity,  
For in our togetherness, we find prosperity.  
Respect and love, let them be our guide,  
In the journey of life, side by side.

No matter the color, creed, or race,  
In unity, we find a sacred space.  
With open hearts and minds, we'll see,  
The world can be a place of harmony.

So let's bridge the gaps, let's break the walls,  
In the spirit of oneness, let's answer the calls.  
For in the tapestry of life, it's clear to see,  
In unity, we find our destiny.

# The Colors of Ours

By Kayla Nuansa Azzahra

We come from different cultures,  
Yet we're connected.  
We're all bound by Bhineka Tunggal Ika.  
Our differences bring forth a unique group.  
With each person comes a different story,  
Knowing them we learn and grow in glory.  
Different colors blend,  
Together we form a whole,  
Our diversity  
Let's celebrate it,  
In one unity, Indonesia.

In a world where kindness may seem rare,  
Politeness and grace, a gentle air.  
Manners are the language of the heart,  
A universal art, a precious part.

# **TOLERANT**

By Alfiro Nur Cahyono

Different beliefs among us  
Our various color hues  
There are thousands of varieties in this country  
You unite us

## Beauty diversity

By : Ummu Muthiah Azzahra

Many rivers still flow in one ocean  
Although red and white are different  
We still stand on our own land

Not the same ethnicity or culture  
Like different religions but still believe  
Together we are one  
Harmony in eternal destiny

Archipelago diversity  
There is beauty in power unity  
Forever Bhinneka Tunggal Ika

It is value that promotes peaceful coexistence

Cooperation for meet necessity

The spirit of unity flared

Will continue to walk hand in hand

Many hopes are embedded

It is hoped that cleave will come to an end

The bond must remain strong

To appear continuously connected

It happens if everyone contributes

The differences don't matter

The beauty of unity continues to radiate

Together through the process

Unity will be sustainable

Thus development will progress

# Indonesia's Diversity

By : Dhianmita Rahima Mahmudah

# The Beauty of Difference

By : Faiza Awan Surgawi

In the land of diversity, where cultures intertwine,  
Bhinneka Tunggal Ika, unity defined.  
A nation of many, yet one in our heart,  
Indonesia's motto, a work of art.

From Sabang to Merauke, from Aceh to Papua,  
Different languages spoken, but harmony we draw.  
Religions diverse, side by side with grace,  
Respecting each other's beliefs and embrace.

The colors of our flag, red and white,  
Symbolize courage and purity in our fight.  
To build a nation where all can thrive,  
Where every voice is heard and every dream can survive.

Bhinneka Tunggal Ika, a guiding light,  
Leading us forward with all our might.  
Together we stand, hand in hand,  
United as one in this diverse land.

# Unity in Diversity

By : Stephanie Alicia Putri

In this concerning era  
Everything is individual  
Many people forget a majestic motto  
For something personal they want to do

Ancient times were tireless  
For the sake of beautiful togetherness  
Everyone is able to celebrate  
Without any sense of discrete

Let's build a sense of solidarity  
For the future of our lovely country  
Do that pretty thing for everything else  
To make a peace that no one can change

# Mutual Cooperation

By : Ofran Thoriq Aksan

Look at your surrounding  
Very untidy and dirty  
Dry leaves everywhere  
Cover the surrounding gutter

Nobody cares about that  
Being busy with his own activities  
Take a break from their activities, though  
Still, no one cares about it

Maybe a person who cares his surrounding  
Starting cleaning the dirt around him  
There is no way he cleans it all up  
He'll be weary if he does that  
Unless with the help of people around him

# Mutual Respect

By Yahya Abdurrohman

In the world with many differences, let's be kind,  
Respect each person, keep that in mind,  
We cherish our uniqueness, don't leave it behind,  
Together, we can be happy and aligned.

Colors, cultures, our dreams may vary,  
You're a teacher, making us extraordinary,  
Our differences make a beautiful story,  
Respect one another, embrace the glory.

We like your lesson about togetherness,  
In our diversity, we find our happiness,  
With thankfulness, we express our gratefulness,  
Respecting each other is our success.

## DIFFERENCE

By : Dewi Maryam Aprilia

Understanding and feeling  
About differences  
Not only thinking  
about similarities

One thing,  
We must be able to understand  
We are just  
An ordinary human being

Having to join hands a lot  
Embracing shoulder to shoulder  
Equalizing  
So, there is no difference.

## Useful Creatures

By : Nadia Syafa

We are social creatures  
This life requires the help of others

The word “please” is a key,  
It’s really embarrassing sometimes

Don’t let difficulties cloud your life  
So, help each other

We are creatures with feelings  
Happy, angry, embarrassed, sad

Life is hubris,  
For those who like to insult someone

Life is misery,  
For those who are weak and hopeless

So, take care of the one’s feelings

# Treasure Of Life

It's mutual respect

Being virtuous is a start

Respecting differences is best attitude

Every moment is blessing

Like a dream that always exists

Say the same words, always

Living in a perfect harmony .

# **Live Together and Understand Each Other**

Humans live side by side with each other

Companion to each other

Unite, understand each other

Move together and respect each other

Beautiful earth with good people

Without division and war

Even though they are different, they are still one

Embrace each other for the sake of creating safety and  
peace

Without selfishness, help each other

Pay attention to other people's circumstances

For the service of this country

We must join hands to create eternal glory

# Tolerance

By Johan WS

How should I start?  
A story about tolerance  
Is it true as others say?  
Yeah, this is an attitude of mutual  
respect for each other  
Don't ever say this is unfair  
this is comfort.

from speech,  
from deeds,  
from behavior,  
from our movements.

Let's change our despicable  
attitudes towards each other  
because that would be detrimental  
It is not good.  
that's despicable.  
it's lost.

if all that is avoided,  
then life will feel calm,  
life will be peaceful,  
life will be prosperous.

Religion, ethnicity, race, culture

So why are there still many arguing about it?  
Isn't it beautiful if we are united together?

Why should we argue if we can be together

We are created to complete each other

If we are together, respecting each other, isn't it beautiful?  
Like bees and flowers living side by side  
We are destined to be together

Two true friends of two shaking hands

A simple yet meaningful friendship  
Sharing stories and crying together  
Keeping little secrets just for us  
Until we can say  
We are together because we are different

## Greeting

By Vania An-Naafi Putri

I live in a very harmonious place  
With traditions that are quite thick  
Living surrounded by tolerant life values  
Surrounded by warm people

My day is filled with greetings  
Accompanied by a calm expression

Always establish kinship and intimacy

Get into the habit of saying hello,  
Greet each other even if you have just met  
By saying simple words  
Can strengthen our brotherhood

# Tolerance

By Kenar Binar Bumi

The word that unites differences  
A word that is talked about a lot  
But there are still few people who carry out  
Because of physical differences

Because of religious differences  
And other odd things where they are  
Which makes tolerance unappreciated  
Should not scorn others

Just because of differences  
We cannot be forced to be same  
Differences make our lives colorful  
Differences should be appreciated

This is Indonesia  
Which has many differences  
Cultural differences

A nation that has all kinds of diversity  
Our language is not the same; it does not mean we are not

Our culture is varied; it does not mean we are not combined

## Keep Moving

By : Aditya Eka Ramadan

A gentle breeze came along with the cold air  
Penetrates the skin and penetrates the bones  
A sky that refuses to show the sun  
But the feet continue moving without stopping

O sun, your rays brighten the morning  
But why are you hiding?  
I don't want to spoil the day  
With clouds covering it

Keep walking in one direction  
For the sake of intention, whatever happens, don't give up  
Obstacles must be faced with a steadfast heart  
To achieve your goals, keep your enthusiasm and don't let it  
weaken

# Respect Each Other

By : Alisha Mutiara R.

Indonesian...

Indonesian has many islands from Sabang to Merauke  
Indonesian has thousands or even millions of people  
However, the nature of mutual respect for fellow human beings does not necessarily exist in them

Indonesian...

Indonesian has many tribes, races, religions, and cultures  
However, conflicts between tribes, races, religions, and cultures still exist everywhere

Where ...

Where is our appreciation?

Where is our respect?

Our nature of tolerance must be upheld as high as possible

We can't achieve diversity by ourselves

It is fitting for us to continue our generations to always appreciate and respect everyone on this earth

# The Diversity of Indonesia

By : Anjang Rahsa Prabeswari

Mutual respect and tolerance

# Unforgettable Trip

By : Cikha Adhithia Wardhani Affivah

Indonesian words have millions of meaning  
very rich country  
save millions of sorrow  
1945

It's our proof  
blood, and tears  
for 350 years  
just for freedom

We may be different  
But we have a same goal  
Our souls and even our bodies  
For our beloved homeland.

Our language is unity  
especially the land we step on  
It's a sacrifice  
Which must be continued

We live in the era of independence  
Those who have to keep fighting

not because there is war  
but to ourselves because our egos are big.

The arrogance is still deep  
Our humanity is almost lost  
Just because of the differences  
Which is endless.

We are just social creatures  
who is hungry for praise  
who yearn for perfection  
until you forget about land

Then what's the use of our hearts?  
If empathy doesn't exist  
What does diversity mean?  
if differences are a threat

We are the younger generation  
What needs to be there is unity in diversity  
In order to advance the nation  
Our beloved country, Indonesia.

Without morning there would be no light in this world

We appreciate the existence of advantages and disadvantages  
We understand the time difference

We are all different, but what is there to worry about?  
Because we are all the same

## Motto of Tolerance

By: Talitha Rasendriya

Unity in Diversity...

Is the motto of the Indonesian nation...

Where we respect and respect each other...

There are no riots because of differences...

It doesn't matter what religion you are, what ethnicity or race you are...

It can't all be destroyed because of differences...

There will be no difference if there is tolerance...

Tolerance is not just about coexistence but about equality...

Different but still the same...

This is the meaning of the motto of the Indonesian nation...

If there's something that makes me unhappy...

That's a person who can't respect the people around him...

# Горный Король (Raja Gunung)

Farid Faiz

Ощущение тишины исчезает, (Rasa senyap menghilang)  
Существа начинают просыпаться, (Para makhluk mulai bangun)  
Цвет неба оживает, (Warna langit mulai hidup)  
Солнце начинает подниматься. (Matahari mulai terbit)

Начинайте медленно двигаться. (Perlahan mulai bergerak)  
Те, кто наслаждается природой, (Mereka yang menikmati alam)  
Обязанность заботиться (Yang bertugas menjaga)  
Чистота и покой. (Kebersihan dan kedamaian)

Каждый день, каждое мгновение, (Setiap hari, setiap saat)  
Те, кто готов быть терпеливым, (Mereka yang siap bersabar)  
Наблюдая за различным поведением (Melihat berbagai perilaku)  
Безответственный. (Yang tidak bertanggung jawab)

В интересах охраны окружающей среды, (Demi lingkungan)  
Будьте благодарны (Berterima kasihlah kepada)  
Хранители природы. (Para penjaga kelestarian alam)  
Они – стражи горы. (Mereka sang penjaga gunung)

## 손을 모아 (Satukan Tangan)

Reisya Anjani

오른쪽 왼쪽 살펴보니 난

(aku melihat ke kanan dan kiriku)

내 친구들은 활짝 웃고 있다

(teman-temanku sedang tersenyum lebar)

그들은 땀에 관심이 없다

(mereka tidak peduli dengan keringatnya)

다른 사람들을 위해 일하는 데 집중한다

(mereka fokus bekerja untuk sesama)

그들에게 힘들까봐 묻는다면

(jika engkau bertanya apakah mereka lelah)

그냥 웃으면서 대답하겠다

(mereka hanya tersenyum dan menjawab)

혼자 하면 어렵죠

(jika sendiri tentu sulit)

자기만 생각하면 어렵죠

(jika memikirkan diri sendiri tentu melelahkan)

우리는 웃으며 손을 모았다

(kita menyatukan tangan dengan tersenyum)

우리를 강하게 만들었다

(itulah yang membuat kita kuat)

분열 대신 연합

(bersatu bukan berpecah)

인도네시아를 다시 아름답게 만들다

(buat Indonesia indah lagi)
